Christopher Associates Inc. Environmental Policy

Vision

As a part of our environmental vision, we recognize that the custody of Earth's environment is one our primary responsibilities as a corporation and as individuals. We will work towards positive solutions to environmental problems and to providing a better environment for future generations.

Policy

1. We shall make all reasonable efforts to maintain and improve our environment through the reduction of waste, improved efficiencies, and minimization of usage of environmentally undesirable substances.
2. We shall observe all local, state, and federal laws; our customer's requirements, and common sense in regards to environmental protection.
3. We shall regularly review and establish goals reflecting business and environmental policy.
4. Regular audits and management reviews will be conducted and we shall engage in a program of continuous improvement on environmental issues.
5. This policy shall be distributed to all employees and subcontractors.

Matthew T. Holzmann
